## Sheikh Khalid Bin Mahfouz

On the 10th of August 2003 we published an article in relation to Sheikh Khalid Bin Mahfouz which might be considered to have suggested that he was connected to and had funded Osama bin Laden and Al Qaeda.

These allegations were untrue, as were those which suggested that Sheikh Khalid Bin Mahfouz had been placed under house arrest in Saudi Arabia and that he and his family have had assets frozen by the US Authorities.

We accept that Sheikh Khalid Bin Mahfouz and his family condemn terrorism in all its forms and manifestations and we apologise to Sheikh Khalid Bin Mahfouz for any distress or embarrassment which may have been caused as a result of the publication.
